## **PUBLIC SAFETY COMMITTEE MEETING MINUTES**

March 22, 2021 - 4:00 p.m.  
Via Zoom Meets

### **CALL TO ORDER:**

A meeting of the City of Clarksville Public Safety Committee was called to order by Chairperson Richard Garrett on Monday, March 22, 2021, at 4:00 pm. This meeting was conducted via Zoom Meets. In an effort to facilitate the continued response to the Coronavirus disease this meeting was conducted via electronically.

### **ATTENDANCE:**

The following members responded to roll call and were connected to the meeting. It was noted there was a quorum.

Councilperson Richard Garrett, Chairperson; Councilperson Karen Reynolds; Councilperson Vondell Richmond; Councilperson DaJuan Little

Due to some technical issues, Councilperson Ashlee Evans joined the meeting after roll call was initially taken.

Others Participating: Building & Codes Director David Smith, Fire & Rescue Chief Freddie Montgomery, Chief of Police David Crockarell, Deputy Chief Rick Stalder, Judge Charles Smith, Cassie Wheeler, R. Stevens, Angela Downey, Deidre Ward, Nicole Morris

### **ADOPTION OF MINUTES:**

The committee unanimously approved minutes from January 20, 2021 meeting after a motion was made by Councilperson Richmond and seconded by Councilperson Little.

## **BUILDING & CODES DEPARTMENT:**

David Smith introduced Deidre Ward, who is taking Paula McWhirter's position at Building and Codes, and then gave an overview of the department. Commercial permits are tracking. Multi-family permits were really, really good in January so the zero revenue in February is not a concern, due to such a good start to the calendar year. Single-family development: January was a record month, and February was also tremendous. Building and Codes is doing their best to keep up but occasionally run a day behind trying to get caught up due to high volume. Revenues generated indicate a solid fiscal year that is better than the last two fiscal years, making Building and Codes a solid revenue producer for City of Clarksville.

Mr. Smith brought up two potential pieces of legislation coming to the Committee in the future. The first is animal control is wanting to limit the number of animals on residential properties to combat large rescue operations currently operating in residential communities. This would not affect commercial operations such as kennels or those appropriately zoned, but those that are keeping thirty to forty dogs in a single-family residential neighborhood which greatly impacts the other residents who live there. The second was brought to Mr. Smith's attention by Commissioner Lewis, who is interested in approaching the Public Safety Committee about camping trailers and RVs and the legislation for parking them in residential areas. This completed Mr. Smith's report.

Councilperson Garrett asked about commercial vehicles parked on public streets overnight, and if that is a violation of City ordinances. Mr. Smith deferred to Chief of Police Cockarell, since it takes place on the street and falls under his purview. Councilperson Garrett said he would readdress the question to Chief Cockarell after his report on Police.

Councilperson Richmond asked for clarification on the legislation former Councilperson Tim Chandler helped pass in cleaning up areas in New Providence and the specific areas that it covered. Mr. Smith responded that there was a grace period once the legislation was passed to allow affected parties to be able to come into compliance. Once cited, they will now have upwards of 90 days to come into compliance, so it is a slow process to come to fruition in every capacity. Based on current paperwork, look to see a change within 60 days. Building and Codes is working on how to implement and inform the community. Mr. Smith mentioned a cleanup event to get the community involved and informed on ordinances and what Building and Codes does, and suggested councilmembers reach out to Dennis Newberg about getting involved. Councilperson Richmond thanked Mr. Smith for the update.

## **POLICE DEPARTMENT:**

Chief Crockarell gave an overview of the department. District Three Precinct is lagging behind due to cold weather and Covid affecting materials. New prediction is to be in end of June instead of June 1st, but there is a possibility of being delayed until August. Rough-in electric and plumbing is being completed. Some dry wall is already put up, but they are hoping to complete that soon. Recently swore in six new officers who begin the academy on Sunday, March 28<sup>th</sup>. Seven new officers will be graduating from the academy on Thursday, March 25<sup>th</sup>. In the middle of budget prep. This completed Chief Cockarell's brief report.

Chief Cockarell addressed Councilperson Garrett's question, stating that he thought three axels or more is a violation of the ordinance unless they are loading or unloading. He mentioned that this was recalled from memory and could look up and send the code to Councilperson Garrett if needed. Chief Cockarell was happy to answer any additional questions on the matter and also referenced that he would be bringing up a small resolution after Chief Montgomery's fire report.

Councilperson Garrett replied that an email was sent regarding a picture of a two-axel tow vehicle. This vehicle had been parked in the grass and has been moved to the street. It is a safety concern due to blocking visibility on the corner lot at Harrison Way to Harding. This has caused a concern among neighbors. Councilperson Garrett suggested they discuss the specifics further outside of the meeting. Chief Cockarell mentioned there are city ordinances in regards to parking distance from mailboxes, driveways, etc. If it is a traffic hazard in relation to the intersection, other ordinances may be enforced. He will send a commander out tomorrow to check on it.

Councilperson Little mentioned that Officer Lax is coming to Clarksville Police Department from the Sheriff's Office and was one of their finest. Chief Cockarell stated they are lucky to have him join the department. The Sheriff's Office loss is CPD's gain. In about nine to ten months he will be out on the roads solo serving our Clarksville community.

#### **FIRE & RESCUE DEPARTMENT:**

Chief Montgomery gave an overview of the department. This month's report may be a little confusing due to a software platform change. This upgraded software will produce a different report in the future. Clarksville Fire Rescue did 1,097 calls; 70% rescue type calls, the rest are broken down in detail in the reports provided. He then discussed support divisions. The Maintenance building is in the process of being built now; looking at moving in May or June. Construction delays have occurred due to getting supplies. We have nineteen in the academy that started March 1<sup>st</sup>, and the academy will last for 8 weeks. Maintenance Division did 100 work orders and over 25 service calls to fire equipment. Fire Prevention had a slow month in February due to snow but completed 31 inspections, two fire investigations, and five smoke alarm installs. Training Division taught eight classes, 3,111 hours with 935 students attending those. Chief Montgomery asked if anyone had any questions.

Councilperson Richmond gave a shout out to Clarksville Fire Rescue and the program they provided for Leadership Clarksville for their Government and Media day. Clarksville was well represented by Chief Batten and Chief Montgomery and the impacts they have made. Councilperson Richmond would love for the Committee to pour support into both Police and Fire. Clarksville Fire Rescue does not have a revenue generating resource for the City. There are often large asks for the pricey equipment needed, such as \$1.5 million dollar requests for a new engine. These are big investments for equipment which hopefully are not often used, but are needed in order to have the resources readily available. For example, the recent fires at Blackhorse and Captain D's. Amazing job managing these fires and keeping everyone safe. Councilperson Richmond was very grateful for the demonstrations and getting to see the equipment used, which was very eye opening. He suggested presenting something similar to the program presented to Leadership Clarksville for the Council specifically. He then asked when the next open enrollment for applying to Clarksville Fire Rescue would begin.

Chief Montgomery stated that the current plan is to open up applications in April and have it open for thirty to forty-five days. This gives time to set up testing. Councilperson Richmond asked if the Council will be officially notified once it has opened up. Chief Montgomery assured that he would let them know. Councilperson Richmond thanked him and mentioned the increase in social media promotion surrounding the last round of applications. He referenced one of the applicants who came from Chicago, IL to come test and live out her dream of being a firefighter in Clarksville.

Councilperson Garrett asked for confirmation of the tallest ladder. Chief Montgomery stated that the tallest ladder is 105 feet and includes a bucket. There are a few that are 57 feet and 75 feet. Councilperson Garrett asked if the 105 foot ladder would only go up to five stories. Chief Montgomery said it varies. The 105 foot ladder could potentially reach up to seven to eight stories but it depends on if there is substantial concrete to set up close to the building and create a 45 degree climbing angle. It can reach just over five stories. Councilperson Garrett mentioned that he had heard the height of the ladder on the fire truck dictates the height of the buildings in Clarksville. He asked if there are plans to get another ladder truck that is a bit taller in case Clarksville begins to build up more. Chief Montgomery said that is a misconception in regards to the ladder height. Even Nashville's tallest ladder truck is probably about the same as Clarksville Fire Rescue's. The tactics change for fighting a fire at a height taller than your ladder and when progressing to higher levels in the building. The ladders can only be made so tall, and the tallest available would only be about twenty-five feet more than the current ladder truck. The tactics and the manpower are a greater indicator of ability than the height of the ladder.

Councilperson Reynolds wanted to tag on to what Councilperson Richmond said and would like to schedule a tour for either all of Council or even one-on-one. Chief Montgomery mentioned that before the Coronavirus he planned to do a Council Academy – a day where all of the Council members can come and get an overview of the department. He would also be happy to schedule one-on-one if the Public Safety Committee would prefer. Councilperson Evans would like to second Councilperson Reynolds that she would like to participate in a tour and the Council Academy. Councilperson Garrett also likes the sound of it, and Councilperson Richmond would like to come again. Chief Montgomery said he would organize that through the Public Safety Committee and have Chairperson Garrett invite the rest of Council. Councilperson Garrett agreed.

#### **CITY COUNCIL ACTION REQUIRED:**

Chief Cockarell brought Resolution 62-2020-21 to the Committee. This resolution will be an Memorandum of understanding between Clarksville Police Department and the Tennessee Bureau of Investigation that would create a specialized taskforce. The focus of the taskforce would be human trafficking, which includes both sex trafficking and labor trafficking in our region. It is a reimbursement MOU, which means the department will be reimbursed up to \$10,000 for overtime hours. Currently, CPD has MOUs and taskforces with the DEA and the ATF. With approval, one officer would be assigned to this taskforce until demand would be determined. Deal with issues State is needing assistance on in Clarksville and Montgomery County, and a resource to some of the smaller counties and agencies that do not have the number of resources available. Chief Cockarell believes this is a worthy effort based on statutes CPD is trying to enforce.

A motion for approval of Resolution 62-2020-21 was made by Councilperson Reynolds and seconded by Councilperson Richmond.

Councilperson Reynolds asked if it would be only one person to begin with, is there a volunteer in mind for this taskforce. Chief Cockarell said there is one investigator that is interested. Once the MOU is in place, they could add additional officers or investigators as needed. Councilperson Reynolds asked if the County would be doing an MOU with TBI as well. Chief Cockarell is unsure if the Sheriff's department was approached with the same opportunity. The majority of these investigations fall within City limits, and there is a great partnership established between these two agencies. Councilperson Reynolds said that answered her questions for some additional background.

Councilperson Garrett confirmed no other questions, and then the motion was unanimously passed on the first reading.

#### **OTHER:**

Councilperson Reynolds mentioned how she recently learned that the County uses inmates to pick up the trash on the roads. She wanted to know if that falls under Building and Codes, since she has noticed more trash around our City. Councilperson Little said that based on his experience with the Sheriff's Office, the County used to have the inmates from the workhouse do that. Currently, there are not enough inmates in prison that are work ready to be a part of the trash pickup. David Smith then addressed that the litter cleanup crew from the workhouse are grant funded and must spend the predominant amount of time on the main thoroughfares and can only use a small percentage of their time on smaller side streets. The Street department does have crews to pick up trash and roadkill, as well as TDOT, but it is largely complaint based. The Street department has two to three crews that drive through the City looking for trash on the regular. Councilperson Reynolds asked if they need to consider funding the Street department more in this next budget. Councilperson Garrett has recently spoken to the Street department, and there is a larger need for personnel to mitigate and address drainage issues rather than litter control. It is more a matter of directing a complaint to the Street department when an issue occurs. Councilperson Reynolds thanked Councilperson Garrett for this additional information.

#### **ADJOURNMENT:**

A motion to adjourn was made by Councilperson Reynolds, seconded by Councilperson Richmond, and approved by all at 4:35 pm.

RESOLUTION 71-2020-21

A RESOLUTION AUTHORIZING A MEMORANDUM OF AGREEMENT WITH FORT CAMPBELL, KENTUCKY FOR FIRE FIGHTING ASSISTANCE

*BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CLARKSVILLE, TENNESSEE:*

That the Clarksville City Council hereby authorizes a Memorandum of Agreement, attached hereto as Exhibit A, with Fort Campbell, Kentucky (U.S. Army Garrison) for fire fighting assistance

*ADOPTED:*

EXHIBIT A

DEPARTMENT OF THE ARMY  
HEADQUARTERS, UNITED STATES ARMY GARRISON, FORT CAMPBELL  
BUILDING 2874 23<sup>RD</sup> STREET  
FORT CAMPBELL, KY 42223-6017

MEMORANDUM OF AGREEMENT  
BETWEEN  
COMMANDER, U. S. ARMY GARRISON (USAG), FORT CAMPBELL, KENTUCKY  
AND  
CLARKSVILLE FIRE RESCUE, CLARKSVILLE, TENNESSEE

SUBJECT: Memorandum of Agreement (MOA) for Fire Fighting Assistance

1. Purpose: To set forth, in accordance with section 1856a, Title 42, United States Code, written procedures to secure for each the benefits of mutual aid in fire prevention, the protection of life and property from fire and firefighting to include emergency services, basic medical support, basic life support, hazardous material containment and confinement, and special rescue events involving motor vehicle accident extrications, and trench, building and confined space extrications.

2. Scope: This agreement will apply between signature agencies anytime assistance or information is rendered between departments for city fire and rescue. This Reciprocal Fire Protection Agreement is intended exclusively to provide guidance and documents an agreement for general support; nothing contained herein creates or extends any right, privilege, or benefit to any person or entity.

3. Clarksville Fire Rescue agrees:

a. To provide Fort Campbell, upon request by the Garrison Commander or their designated representative, firefighting equipment and personnel, when available to any point within the firefighting jurisdiction of Fort Campbell Fire and Emergency Services.

b. The rendering of assistance under the terms of this agreement is not mandatory. If assistance cannot be rendered, for any reason, the requesting Fort Campbell official will be immediately notified.

c. All equipment used by Clarksville Fire Rescue in carrying out this agreement will be owned by Clarksville Fire Rescue; and all personnel acting for Clarksville Fire Rescue under this agreement will be an employee of Clarksville Fire Rescue.

d. In the event a crash of aircraft owned or operated by the United States or military aircraft owned by a foreign nation occurs within the area for which Clarksville Fire Rescue normally provides fire protection, the Chief of Fort Campbell Fire and Emergency Services, or their representative, may assume full command on arrival of all assets at the scene of the crash.

4. Fort Campbell Fire and Emergency Services agrees:

SUBJECT: Memorandum of Agreement (MOA) for Fire Fighting Assistance

a. To provide the City of Clarksville, upon request by the Fire Chief or their designated representative, firefighting equipment and personnel, when available to any point within the firefighting jurisdiction of Clarksville Fire Rescue.

b. The rendering of assistance under the terms of this agreement is not mandatory. If assistance cannot be rendered, for any reason, the requesting Clarksville official will be immediately notified.

5. Any dispatch of equipment and personnel pursuant to this agreement is subject to the following conditions:

a. Any request for aid under this agreement will specify the location to which the equipment and personnel are dispatched; however, the amount and type of equipment and number of personnel to be furnished will be determined by a representative of the responding organization.

b. The responding organization will report to the officer in charge of the requesting organization at the location to which the equipment is dispatched, and will be subject to the orders of that official.

c. A responding organization will be released by the requesting organization when services of the responding organization are no longer required, or when the responding organization is needed within the area for which it normally provides fire protection.

6. The signatories to this Reciprocal Fire Protection Agreement understand, acknowledge, and agree that all activities performed by a member/employee of the respective fire protection agencies performed in the execution of this Agreement are within the scope of employment/line of duty for said member/employee. Each department bears the responsibility for injuries/death to its members and exonerates the other agency from any and all liability.

7. The chief fire officers and personnel of the fire departments of both parties to this agreement are invited and encouraged, on a reciprocal basis, to frequently visit each other's activities for guided familiarization tours consistent with local security requirements and as feasible to jointly conduct pre-fire planning inspections and training exercises.

8. The technical heads of the fire departments of the parties to this agreement are authorized and directed to meet and draft any detailed plans and procedures of operations necessary to efficiently implement this agreement. Such plans and procedures of operations shall become effective upon ratification of the signatory parties.
